Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Sunday 15 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Turning largely dry overnight, some showers possible in the south.

This Evening and Tonight:
Through the evening, any persisting rain eases, leaving a largely dry night with plenty of clear spells. The odd shower remains possible across southern areas in the early hours. Minimum temperature 11 deg C (52 deg F).

Monday:
Any showers in western and southern areas gradually easing through the day, with most seeing dry conditions and sunny spells, where patchy cloud allows. Rain arriving from the north later. Maximum temperature 20 deg C (68 deg F).

Outlook for Tuesday to Thursday:
Occasional spells of rain and drizzle for most on Tuesday and Wednesday, but otherwise remaining largely dry and cloudy, feeling cooler. Brighter and drier on Thursday.
